SEVEN SEXY SCOOTs

Ladies and gentlemen, boys and girls, feast your eyes on the seven wonders of the custom world. Step behind the curtain and thrill to these seven sexy sleds, each built from that rare stuff that dreams are made of. Herein, you will find dazzling designs of motorcycles that defy description, hand-hewn from living metal by masters of motorized mayhem. Yes, you will be agog at these awe-inspiring choppers that span every taste and style and tempt you with their sleek, sultry looks.

Do you dare turn the page and hear the siren's call of these devilishly designed custom creations? You have been warned, for one glance at these moto-Medussas may cause you to rush to your garage in a frothing frenzy to begin cutting and welding on your bike as if possessed by some demented madness! The customizing demons may just take your soul! Beware!
